

HDL Smart-Bus Targa maja automaatika hinnakiri 2013

(A) Lighting Control Modules

Po	Pilt	Kirjeldus	Omadused	Mudel	Soovitus	Voolu- tarve	Mõõdud (mm)	Hind, USD	Hind, EUR
1		2CH 6A Leading Edge Dimmer, DIN-Rail Mount,6A per Channel and Total 10A with scene controller (Overheat, fuse for each channel, Surge Protection) single phase 220-240VAC, 50-60Hz.	scene, Sequence, Dimming, On Off	SB-DN-D0206	BEST	25mA	144*88*66	205	164
2		4CH 3A Leading Edge Dimmer, DIN-Rail Mount,3A per Channel and Total 10A with scene controller (Overheat, fuse for each channel, Surge Protection) single phase 220-240VAC, 50-60Hz.	scene, Sequence, Dimming, On Off	SB-DN-D0403	BEST	30mA	144*88*66	226	180
3		6CH 2A Leading Edge Dimmer, DIN-Rail Mount, 2A per Channel and Total 10A with scene controller (Overheat, fuse for each channel, Surge Protection) single phase 220-240VAC, 50-60Hz.	scene, Sequence, Dimming, On Off	SB-DN-D0602	BEST	35mA	144*88*66	262	210
4	: : : : : : : : : : : : : : : : : : :	2CH 6A NEW Leading Edge Dimmer, DIN-Rail Mount,6A per Channel and Total 12A with scene controller, single phase, universal power (85-120. 220-240 VAC), LED indicate the status of each fast FUSE	Aluminum Heat sink, Fuse replacable, Fast connector , 512 step for smooth dimming.Four dim Curves, Upgrate firmware via HDL Bus, build-in Bus Filter, staircase lighting control, support mult channels dimming.	HDL-MD0206.432	Coming Soon!!	25mA	144*88*66	217	174
5	2 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	4CH 3A NEW Leading Edge Dimmer, DIN-Rail Mount,3A per Channel and Total 12A with scene controller, single phase, universal power (85-120. 220-240 VAC),LED indicate the status of each fast FUSE	Aluminum Heat sink, Fuse replacable, Fast connector, 512 step for smooth dimming.Four dim Curves, Upgrate firmware via HDL Bus, build-in Bus Filter, staircase lighting control, support muit channels dimming.	HDL-MD0403.432	Coming Soon!!	30mA	144*88*66	240	192
6	2 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1	6CH 2A NEW Leading Edge Dimmer, DIN-Rail Mount, 2A per Channel and Total 12A with scene controller, single phase, universal power (85-120. 220-240 VAC), LED indicate the status of each fast FUSE	Aluminum Heat sink, Fuse replacable, Fast connector, 512 step for smooth dimming,Four dim Curves,Upgrate firmware via HDL Bus,build-in Bus Filter, staircase lighting control, support muit channels dimming.	HDL-MD0602.432	Coming Soon!!	35mA	144*88*66	275	220
7	37)	1CH 6A Trailing Edge Dimmer, DIN-Rail Mount, 6A per Channel and total 6A, with scene controller (Overheat, Overload, Surge Protection) single phase both 85-120/220-240 VAC, 50-60Hz. (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	512 step diming, four dim curves. scene, Sequence, Circuit short protection. Trailing Edge suitbale for all of loads except inductive loads	SB-DN-DT0106	BEST	20mA	144*88*66	273	218
8	es es-	2CH 3A Trailing Edge Dimmer, DIN-Rail Mount, 3A per Channel and total 6A with scene controller (Overheat, Overload, Surge Protection) single phase both110/220 VAC, 50-60Hz. (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	512 step diming, four dim curves. scene, Sequence, Circuit short protection. Trailing Edge suitbale for all of loads except inductive loads	SB-DN-DT0203	BEST	20mA	216*88*66	326	261
9	adam (da)	4CH 2A Trailing Edge Dimmer, DIN-Rail Mount, 2A per Channel and total 6A with scene controller (Overheat, Overload, Surge Protection) single phase both110/220 VAC, 50-60Hz. (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	512 step diming, four dim curves. scene, Sequence, Circuit short protection. Trailing Edge suitbale for all of loads except inductive loads	SB-DN-DT0402	BEST	20mA	216*88*66	371	297
10	66 66 200 C 66 C 66 C 66 C 66 C 66 C 66	6CH 1A Trailing Edge Dimmer, DIN-Rail Mount, 1A per Channel and total 6A with scene controller (Overheat, Overload, Surge Protection) single phase both 110/220 VAC, 50-60Hz. (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	512 step diming, four dim curves. scene, Sequence, Circuit short protection. Trailing Edge suitbale for all of loads except inductive loads	SB-DN-DT0601	BEST	20mA	216*88*66	398	318
11		2CH 4A Trailing Edge Dimmer, DIN-Rail Mount, 4A per Channel and total 6A with scene controller, universal power (85-120, 220-240 VAC), with Overheat, Circuit Short Protection, (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	Aluminum Heat sink, circuit short protection, Fast connector, leading and trailing edge dim mode, 512 step for smooth dimming, Four dim Curves, Upgrate firmware via HDL Bus, build-in Bus Filter, staircase lighting control, support muit channels dimming.	HDL- MDT0204.433	Coming Soon!!	20mA	216*88*66	340	272
12		4CH 3A Trailing Edge Dimmer, DIN-Rail Mount, 3A per Channel and total 8A with scene controller, universal power (85-120, 220-240 VAC), with Overheat Circuit Short Protection, (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	Aluminum Heat sink, circuit short protection, Fast connector , leading and trailing edge dim mode, 512 step for smooth dimming, Four dim Curves, Upgrate firmware via HDL Bus, billid-in Bus Filter, staircase lighting control, support muit channels dimming.	HDL- MDT0403.433	Coming Soon!!	20mA	216*88*66	387	310
13		6CH 2A Trailing Edge Dimmer, DIN-Rail Mount, 1A per Channel and total 8A with scene controller, universal power (85-120, 220-240 VAC), with Overheat, Circuit Short Protection, (Trailing Edge and Leading Eage Technology can be slected in HDL-BUS Programming software)	Aluminum Heat sink, circuit short protection, Fast connector , leading and trailing edge dim mode, 512 step for smooth dimming, Four dim Curves, Upgrate firmware via HDL Bus, build-in Bus Filter, staircase lighting control, support muit channels dimming.	HDL- MDT0602.433	Coming Soon!!	20mA	216*88*66	414	331
14	in in the second	4CH 16A High Power Relay Module, DIN-Rail Mount, 16A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	50A magnetic latching relay in each channel for high power ON and, OFF control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads	SB-DN-R0416	BEST	40mA	72*88*66	164	131
15	0000 0000 Each acas ::::	8CH 16A High Power Relay Module, DIN-Rail Mount,16A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	50A magnetic latching relay in each channel for high power ON and OFF, control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads	SB-DN-R0816	BEST	40mA	144*88*66	271	216
16		12CH 16A High Power Relay Module, DIN-Rail Mount, 16A per Channel,with scene and sequence controller, for DC, single and three phase power, up to 440VAC	50A magnetic latching relay in each channel for high power ON and ,OFF control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads	SB-DN-R1216	BEST	40mA	216*88*66	390	312
17	22 1 (1) (2) (2) (2) (2) (2) (2) (2) (2) (2) (2	4CH 16A High Power Relay Module, DIN-Rail Mount, with fast connection, 16A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	50A magnetic latching relay in each channel tof high power ON and OFF, control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads, interlocking channel for curtain and motor control , staircase lighting control, Power ON/OFF scene, Upgrate firmware via HDL Bus, huild-in Bus; Either	HDL-MR0416.431	Coming Soon!!	40mA	72*88*66	168	134

	SPECIAL **********		50A magnetic latching relay in each channel for						
18		8CH 16A High Power Relay Module, DIN-Rail Mount, with fast connection, 16A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	high power ON and OFF, control like Water Bollers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads, interlocking channel for curtain and motor control, staticase lighting control, Power ON/OFF scene, Upgrate firmware via HDL Bus, build-in Bus Fitter	HDL-MR0816.432	Coming Soon!!	40mA	144*88*66	269	215
19	333 333 333 333 333 333 333	12CH 16A High Power Relay Module, DIN-Rail Mount, with fast connection, 16A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	50A magnetic latching relay in each channel for high power ON and OFF, control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads, interlocking channel for curtain and motor control, staircase lighting control, Power ON/OFF scene, Upgrate firmware via HDL Bus, build-in Bus Filter	HDL-MR1216.431	Coming	40mA	216*88*66	394	315
20	2021 C	4CH 10A High Power Relay Module, DIN-Rail Mount, with fast connection, 10A per Channel,with scene and sequence controller, for DC, single and three phase power, up to 440VAC	16A magnetic latching relay in each channel for high power ON nad OFF control like Water Boilers, Heaters, Pumps, High power Airconditioning, Industrial, High power Lighting Loads	SB-DN-MR0410	BEST	40mA	72*88*66	148	118
21		8CH 10A High Power Relay Module, DIN-Rail Mount, with fast connection, 10A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	16A magnetic latching relay in each channel for high power ON nad OFF control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads	SB-DN-MR0810	BEST	40mA	144*88*66	223	179
22		12CH 10A High Power Relay Module, DIN-Rail Mount, with fast connection, 10A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	16A magnetic latching relay in each channel for high power ON nad OFF control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads	SB-DN-MR1210	BEST	40mA	216*88*66	326	261
23		4CH 10A High Power Relay Module, DIN-Rail Mount, with fast connection, 10A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	16A magnetic latching relay in each channel for high power ON nad OFF control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads, interlocking channel for curtain and motor control, staircase lighting control, Power ON/OFF scene, Upgrate firmware via HDL Bus, build-in Bus Filter	HDL-MR0410.431	Coming Soon!!	40mA	72*88*66	148	118
24		8CH 10A High Power Relay Module, DIN-Rail Mount, with fast connection, 10A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	huild-in Bus Eiller 16A magnetic latching relay in each channel for high power ON nad OFF control like Water Bollers, Heaters, Pumps, High power Airconditioning, Industrial, High power Lighting Loads, interlocking channel for curtain and motor control, staticase lighting control, Power ON/OFF scene, Upgrate firmware via HDL Bus, build-in Bus, Effler	HDL-MR0810.432	Coming	40mA	144*88*66	223	179
25		16CH 10A High Power Relay Module, DIN-Rail Mount, with fast connection, 10A per Channel, with scene and sequence controller, for DC, single and three phase power, up to 440VAC	16A magnetic latching relay in each channel for high power ON nad OFF control like Water Boilers, Heaters, Pumps, High power Air- conditioning, Industrial, High power Lighting Loads, interlocking channel for curtain and motor control, staircase lighting control, Power ON/OFF scene, Upgrate firmware via HDL Sub-hillid-in Bus Filter	HDL-MR1216.431	Coming Soon!!	40mA	216*88*66	332	266
26		6CH 10A, High Power Leading Edge Dimmer, Wall Mount , 10A Per Channel, with Scene control & MCB Protection, (Overheat, Overload protection) 220-240VAC 50/60Hz, option for 110V Advanced heat Sink Technology, With Door Cover	3 Phase, Single pahse(the total output power reduced 2/3) leading edge, 1024 setp Dimming scene, Queue, Sequence, On Off	SB-WL-D0610	A TA	/	600*290*16 2	1503	1202
27		6CH 20A, High Power Leading Edge Dimmer, Wall Mount, 20A Per Channel, with Scene control & MCB Protection, (Overheat, Overload protection) 220-240VAC 50/60Hz, option for 110V Advanced heat Sink Technology, With Door Cover	3 Phase, Single pahse(the total output power reduced 2/3) Leading edge, 1024 setp Dimming scene, Queue, Sequence, On Off	SB-WL-D0620		/	600*290*16 2	1706	1364
28		12CH 10A, High Power Leading Edge Dimmer, Wall Mount , 10A Per Channel, with Scene control & MCB Protection, (Overheat, Overload protection) 220-240VAC 50/60Hz, option for 110V Advanced heat Sink Technology, With Door Cover	3 Phase, Single pahse(the total output power reduced 2/3) leading edge, 1024 setp Dimming scene, Queue, Sequence, On Off	SB-WL-D1210	e de	/	600*290*16 2	1968	1574
29	·:	2CH 10A Power Booster, Wall Mount, 10A Per Channel, Dimmer Power Amplifier, 0-10VDC/ 0-220VAC input, 50/60Hz, Heat Sink Technology	0-10V input, 0-220VAC input Work for both digital and manual Dimmers or any third party Dimming System	SB-WL-B0210	a dia	/	288*200*10 0	445	356
30	·: ₽# • •	1CH 20A Power Booster, Wall Mount, 20A Per Channel, Dimmer Power Amplifier, 0-10VDC/ 0-220VAC input, 50/60Hz, Heat Sink Technology	0-10V input, 0-220VAC input Work for both digital and manual Dimmers or any third party Dimming System	SB-WL-B0120	A STA	/	288*200*10 0	431	344
31	454	64CH NEW DALI Ballast Controller, DIN-Rail Mount, to transfer signal from HDL-BUS to DALI control signal, with Scene Control function, Maximum 64 Separate Zones, Each cohen have 16 scenes, Each channel can set low limit, high limit, Recover the previous scene or designated scene after power on again.	Can Control up to 64 Addressable Dali ballasts for Dimming of Fluorescent Tube Lights, support upgrate firmware via HDL Bus, build-in DALI power supply , build-in Bus Filter	HDL-MC64- DALI.431	EN WEST	Build in Power supply	72*88*66	197	157
32	0 22	12CH Mix Control Module, DIN-Rail Mount, 8ch relay output,among which, 1-7ch 5A output, ch8,10A output, Ch 9 is curtain motor control channel, CH10-11 are for dimming, each 2A, Ch 12 is 10A, DC0∼10V control signal output, used for control dimmable ballast of fluorescent	Good For Home, Hotel Room, Meeting Room Applications to saving cost	SB-DN-HMIX12	BEST	200mA	144*88*66	226	180
33	2000 00000 2000 00000	6 CH 16A 0-10V Absorption type Ballast controller, DIN-Rail Mount,	50A magnetic latching relay in each channel ON and OFF Ballast,Each 0-10V channel can get 100mA current from Ballast, Each Relay channel can connect 60PCS dimmable ballast. Notice: this type have no DC current output	SB-DN-6B0-10v		30mA	144*88*66	357	285
34	600 600 600 600 600	6 CH 10A 0-10V Ballast controller, DIN-Rail Mount, Absorption and Output Type.	16A magnetic latching relay in each channel ON and OFF Ballast, Each 0-10V channel can get 100M a current from Ballast, Each 0-10V channel can output 100mA current for 0-10V device like LED lights, Each Relay channel can	HDL- MRDA0610.432	Coming Soon!!	30mA	144*88*66	322	257
35	0000 00m	8 CH DSI Ballast controller, DIN-Rail Mount, it is used to dim DSI ballast, 8 DSI channel, every channel can connect with up to 32 DSI ballasts, Up to 8 separated area can be set, Every area can have 16 scenes	Build-in DSI power supply , Can Control up to 8x8 ch of DSI Dimmable Ballasts for Dimming of Fluorescent Tube Lights	HDL- MD08DSI.232	THE WAY	30mA	144*88*66	205	164
(B)) User Interfa	aces							
1		Smart DLP wall switch Panel EU, with LCD, Built in IR Receiver, Temperature sensor, english menu, Graphics with 2-way status update, 1-7 pages to control as needed: Four Page for Lighting and Switch, one page for AC, one page for Zone audio and the last for Floor Heating ++ (Each Button has right and left button for different function, Back let LED, LCD Brightness control, menu ++)	All In One, Elegant Modular 3X3" Standard BS and European Back Box, Selectable Face Cover materials and Colors, ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-DLP-MEU	BEST	30mA	86*86*35	236	189
Щ	İ		l				1		

2		Flush mount Smart DLP wall switch Panel EU, with LCD, Built in IR Receiver, Temperature sensor, english menu, Graphics with 2-way status update, 1-7 pages to control as needed: Four Page for Lighting and Switch, one page for AC, one page for Zone audio and the last for Floor Heating ++ (Each Button has right and left button for different function, Back let LED, LCD Brightness control, menu ++)	Bigger Glass then SB-DLP-MEU and flush with Wall, with specified back box	SB-DLP4-MEU	BEST	30mA	95*95*35	244	195
3		Bigger Button Smart Wall switch Panel EU , with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color and button No are optional)	Wall Switch to control Lighting and dimming, Areas, and Moods ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS4M-EU		20mA	86*86*41	123	98
4		Bigger Button Smart Wall switch Panel EU, with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color and button No. are optional)	Wall Switch to control Lighting and dimming, Areas, and scene ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS8M-EU		20mA	86*86*41	137	110
5	mm	6 Button Smart Wall switch Panel EU, with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color are optional)	Wall Switch to control Lighting and dimming, Areas, and scene ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS6-UK	BEST	15mA	86*86*27	137	110
6	Ш	Button Smart Wall switch Panel EU, with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color and button No. are optional)	Wall Switch to control Lighting and dimming, Areas, and scene ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS4-UK	BEST	15mA	86*86*27	123	98
7	Ш	Bigger Button Smart Wall switch Panel EU, with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color and button No. are optional)	Wall Switch to control Lighting and dimming, Areas, and scene ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS3M-UK	BEST	15mA	86*86*27	121	97
8	=	Bigger Button Smart Wall switch Panel EU, with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color and button No. are optional)	Wall Switch to control Lighting and dimming, Areas, and scene ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS2M-UK	BEST	15mA	86*86*27	115	92
9		Bigger Button Smart Wall switch Panel EU, with LED Back lighting, and Engraving, Auto Lock Option function, IR Remote Control, Toggle, Dim, and double click macro function. (Glass color and button No. are optional)	Wall Switch to control Lighting and dimming, Areas, and scene ((Plate Options: White/Black Glass and aluminum) other NON standard products add USD 5 per PC and MOQ 100pcs required	SB-WS1M-UK	BEST	15mA	86*86*27	109	87
10		NEW Generation Smart DLP wall switch Panel EU, with LCD, Option IR Receiver, Temperature sensor, 175 countries languages for music song name and play list, Total seperate left and right button fleft button have 99 command and right have 99 command, Graphics with 2-way status update, 1-7 pages to control as needed: Four Page for Lighting and Switch, one page for AC, one page for Zone audio and the last for Floor Heating(PID control for heating)	Separate Left and Right button Support BMP image download, Replaceable frame and plate, support upgrate firmware via HDL Bus (Plate Options: White/Black Glass with Silver Mental buttoon) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MPL8.48	Coming Soon!!	30mA	86*86*21	215	172
11	() () () () () () () () () ()	NEW Generation 8 Button Smart Wall switch Panel EU, replaceable label by user, replaceable face plate by user, IR Remote Control(Optional),and Right/Left click, Wall Switch to control Lighting and dimming, Areas, and scene, (Glass color are optional)	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MP8B.48	Coming Soon!!	15mA	86*86*21	119	95
12	100 mm	NEW Generation 6 Button Smart Wall switch Panel EU, replaceable label by user, replaceable face plate by user, IR Remote Control(Optional),and Right/Left click, Wall Switch to control Lighting and dimming, Areas, and scene, (Glass color are optional)	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MP6B.48	Coming Soon!!	15mA	86*86*21	105	84
13	603	NEW Generation 4 Button Smart Wall switch Panel EU, replaceable label by user, replaceable face plate by user, IR Remote Control(Optional),and Right/Left click, Wall Switch to control Lighting and dimming, Areas, and scene, (Glass color are optional)	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MP4B.48	Coming Soon!!	15mA	86*86*21	94	75
14	00	NEW Generation 4 Button Smart Touch Panel EU, with LED Back lighting(RGB Color Selection on software), replaceable face plate by user, IR Receive Optional, Dimming, ON/OFF, Curtain control ,Scene control, Combination dimming	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MPT4.48	Coming Soon!!	15mA	86*86*21	90	72
15		NEW Generation 3 Button Smart Touch Panel EU, with LED Back lighting(RGB Color Selection on software), replaceable face plate by user, IR Receive Optional, Dimming, ON/OFF, Curtain control ,Scene control, Combination dimming	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MPT3.48	Coming Soon!!	15mA	86*86*21	88	71
16	0	NEW Generation 2 Button Smart Touch Panel EU, with LED Back lighting(RGB Color Selection on software), replaceable face plate by user, IR Receive Optional, Dimming, ON/OFF, Curtain control ,Scene control, Combination dimming	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MPT2.48	Coming Soon!!	15mA	86*86*21	84	67
17	100	NEW Generation 1 Button Smart Touch Panel EU, with LED Back lighting(RGB Color Selection on software), replaceable face plate by user, IR Receive Optional, Dimming, ON/OFF, Curtain control ,Scene control, Combination dimming	support upgrate firmware via HDL Bus ((Plate Options: White/Black Glass with White Plastic Button) other NON standard products add USD 5 per PC and MOQ 100pcs required	HDL-MPT1.48	Coming Soon!!	15mA	86*86*21	80	64
18		HDL Plate Options for New Gerneration Keypad, for new DLP, button Keypad and Touch Panel	Above new generation panel plate could be changeable easily	HDL Panel Plate	Coming Soon!!		86*86*26.5	10	8

HDL Protection Plate, for new DLP, button Keynad and Touch Panel Protect Planel from Dist when Project is in DCs. Prosection Plate Protect Planel from Dist when Project is in DCs. Proceeding Plane Protect Planel from Dist when Project is in DCs. Proceeding Plane Protect Planel from Dist when Project is in DCs. Proceeding Plane Protect Planel from Dist when Project is in DCs.
